

SULFUR PRODUCTS

QUADRIMEX CHEMICAL : OUR COMPANY

QuadrimeX Chemical is a French producer and distributor of chemical products. We have had our own production facility of **sulfur products** located in **LEUNA** (Germany), on the major petrochemical plant in Europe since 2010.

Thanks to our plant, we are now a European leader and a worldwide reference for **high quality sulfur products**.

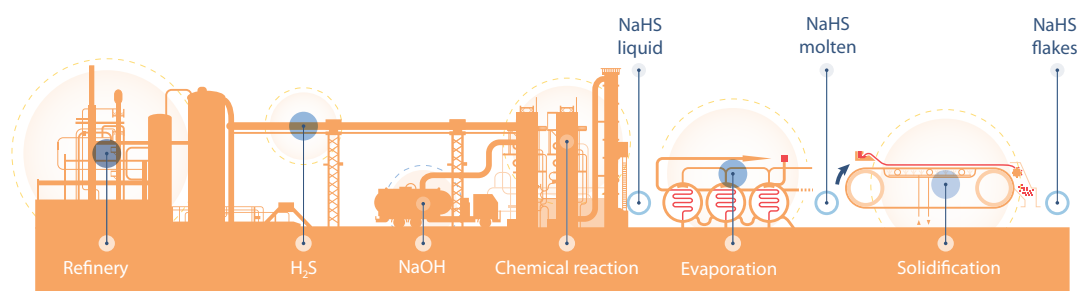

ISO 9001:2008

www.tuv.com
ID: 9105070973

Our production facility is certified ISO 9001.

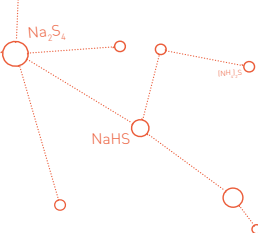

OUR PRODUCTS

- **NaHS** - SODIUM HYDROSULFIDE
- **(NH₄)₂S** - AMMONIUM SULFIDE
- **Na₂S** - SODIUM SULFIDE
- **Na₂S₄** - SODIUM TETRASULFIDE

We are directly connected to the Leuna refinery, which allows us to secure our production and have a stable supply of pure raw material.

NaHS PRODUCTION PROCESS

R&D AND QUALITY CONTROL

All our products are registered **REACH** (European regulation).
Moreover, we have a R&D and quality control laboratory located in the production plant in Leuna in order to provide the conformity of our chemical products.
